Anna,

I went through the entire *Alternative Toxicity Testing Report to Congress* [updated version with track changes attached] and ensured that all hyperlinks were linked and active (many were not).

Let me know if there was anything else I could help with.

Anna,

Will do. I will check the OPP links in the word document and make sure they're all working and in the right place as well as keep an eye out for anything new that should be added to the summary. I will also ensure the bird paper is mentioned.

How quickly do you need this done by? Can I provide you updates by COB today? If not I can probably take a look prior to 3:30.

**Subject:** Update and quick review - Report to Congress on Alternative Toxicity Testing - due Sept 12 COB

Hi everyone –

A quick update and request. We now have the go-ahead for releasing the Report to Congress on Alt Tox testing. Because of the length of time this has been under review, I would like us all to check and make sure that there are not recent (w/in the last 4 months) updates to include. I have reviewed the full document and updated anything I am aware of, but there may be things I have missed.

Please do a targeted review for areas you are most familiar and let me now if we need to add any updates – if you can do this by Thursday September 12 COB that would be great. **Ex. 5 Deliberative Process (DP)**

## **Ex. 5 Deliberative Process (DP)**

I have added a citation to the Administrator's memo on reducing animal testing, released today. Details are here: <https://www.epa.gov/environmental-topics/efforts-reduce-animal-testing-epa>. I also updated Appendix A to

include the FY19 Congressional language on this report. These last changes are in track changes in the attached for ease of your review.

If you can do this before Friday, I can then share back with OP as requested, and then we can send it on to OPM/OCFO and finally OMB.

Thank you!

need to craft an email that lays out the process this has gone through and the remaining next steps.

No need to review unless you want to, but please send me any comments by Monday April 22 COB.

Thanks again for all of your work on this.

Hi everyone –

Just sent the document back to the ORD IOAA with responses to David's comments, and now I will be reviewed by Jennifer. Nothing needed from anyone now, just wanted to let you know the process continues.

Hi everyone! We are done (again!!)

I just sent this on to the ORD IOAA for final review. Will keep you posted on what I hear back.

Thanks again to all for the comments and revisions as we continue to move this forward. I'm seeing the light at the end of the tunnel...

Hi Megan –

I am sending you the final draft of the Report to Congress on Alternative Toxicity Testing for ORD IOAA review. I have asked for comments back in two weeks, but feel free to counter if more time is needed (or less – haha). The attached pdf is the report from FY15 that has not yet been posted to an EPA website. For now we are attaching it as an appendix. If it gets posted, we'll link to it in the body of the document instead.

Thanks, please let me know if any questions.

Maureen
